

# Tridak® Filling Equipment

Model: **2400 High-Pressure Filling System**

## SYSTEM FEATURES:

Dispenses extremely high-viscosity, filled materials

Solid-state sensing system controls the amount of fill

Includes a forced convection oven to lower material viscosity when needed

Fills single syringes and compules

Removable cartridge assembly allows materials to be prepared off-line and permits easy storage of materials for future use

Quick, convenient changeover of material

A stainless steel medical version is available

Other customized versions available; details upon request

Dymax specializes in the manufacture of bench-top and semi-automated systems for filling cartridges and syringes. Our Tridak® filling systems are easy to use and cost effective – offering quick, repeatable filling, and years of trouble-free service.

 **DYMAX®**  
OUR TECHNOLOGY. YOUR ADVANTAGE.®
