

Spring 2017 - In This Issue:

WEBSITE REDESIGN

NEW TEAM MEMBER

SYSTEM VIDEOS & OTHER RESOURCES

Our Website is Getting a New Look

In the next few weeks the tridak.com website will be undergoing some changes. The site will still contain all the same systems and useful information it has now, it will just be getting a new look and layout. This update will make it easier to navigate the site and will make the site more mobile friendly. The design will match our other Dymax websites for a consistent look across all our brands. Make sure to stop by the site at the beginning of April to see all the changes.

We've Added a New Team Member

We're happy to announce the addition of Greg Arcangeli as our Filling Systems Technical Sales Manager. In this new role, Greg will be working closely with our customers to understand their individual applications, processes, and business needs so that we can suggest the best system for their current and future needs. If you are interested in speaking with our team about your application, you can [submit an inquiry](#) and Greg or another member of our team will contact you to discuss your needs.

New Videos & Other Resources

Have you visited our resources section? It features a lot of useful information like system videos/animations, archived newsletters, product literature, press releases, and even a frequently asked questions section. If you are interested in learning more about a particular system, make sure to [visit the resources section](#) for additional information.

Privacy Policy: We value your interest in Tridak filling systems by Dymax and hope you'll contact us when seeking solutions for your filling and packaging needs. Because of this, we consider your contact information and any other information you provide us as confidential. This means, most importantly, that we do not sell your contact information to anyone. Instead, your information is used by us solely to provide you with the information and assistance you have requested.

To continue receiving Tridak newsletters and announcements, please add newsletter@dymax.com to your address book.
